THE PERFECT COMPLEMENT.

SAME LUXURIOUS STYLE NOW WITH ADDED SAFETY

No detail can be overlooked. Least of all, guest safety. That's why there's the Artesano Slip Resistant bath rug.

Just like the original Artesano bath rug, we use only 100% high-quality cotton, bold textures and loop stitching to create an alluringly beautiful and plush experience.

The difference is in the premium, silicone slip resistant backing. This feature helps ensure a firm, yet comfortable footing that is engineered to last, wash after wash.

Choose from two thoughtfully sized bath rug options (17x24, 20x31) or an extended bath runner (20x56) to ensure a consistent look across all room sizes.
